## SUMMARY

---

3rd-year Software Engineering student at University of Karachi (UBIT) with hands-on experience in web and mobile development. Skilled in **HTML, CSS, JavaScript, React, Flutter**, and responsive design. Experienced in building dynamic web applications with **API integration**, and **interactive UI/UX design**. Seeking a **Web Development Internship** to apply my skills, contribute to real projects, and gain professional experience while continuing to learn.

## EDUCATION

---

University of Karachi (UBIT) — Karachi, Pakistan  
Bachelor of Science in Software Engineering | 2024 – Ongoing

Govt Abdullah College — Karachi, Pakistan  
Intermediate in Computer Science | 2021 – 2023

Aptech Learning — Karachi, Pakistan  
One-Year Diploma in Web Development | 2022 – 2023

## ACADEMIC PROJECTS :

---

- **GPA Calculator Web App — Live**

Built a fully functional GPA Calculator using **HTML, CSS, and JavaScript**, allowing students to calculate semester and cumulative GPA with real-time validation and responsive design. Provides an intuitive interface for easy input and instant results.

Live url: <https://farheenarshad3377.github.io/GPA-Calculator/>

- **Netflix-style Web App — Live**

Developed a dynamic **Netflix-style web application** using **React.js, HTML, CSS, and JavaScript**. Integrated API to fetch movies and implemented responsive UI features including hover cards, search functionality, and interactive movie display.

- **Flutter Mobile Apps (GitHub) — Not Live**

- **Music App:** Plays songs, supports theme switching, dynamic UI, and playback controls.
- **Weather App:** Displays weather info using APIs, interactive UI, and responsive design.

## TECHNICAL SKILLS:

---

- **Languages:** Dart, JavaScript, HTML, CSS
  - **Frameworks & Libraries:** Flutter, React.js, Node.js, Express.js, Bootstrap
  - **Databases:** MongoDB, PostgreSQL
  - **Tools:** Git/GitHub, VS Code
  - **Other:** Responsive Web Design, API Integration, UI/UX Implementation
- 

## ACHIEVEMENTS & CERTIFICATIONS

---

### 📄 Web Development First Champion Award – Aptech (5th September 2023)

Recognized as **top performer in Web Development** among peers.

[Aptech Official Website](#) | [Instagram Post](#)

### 📄 Completed Advanced Web Development Course – Aptech

Hands-on training in HTML, CSS, JavaScript, Bootstrap, and Project Development.

[Aptech Official Website](#)

### 📄 Hackathon Participant – [Decentral Developers/APP Development] (01-02-2025)

Participated in a **team-based web development hackathon**, contributed to **real-time project development**, and enhanced problem-solving and coding skills.
